

CEO for award winning tech startup

Industry: Film & TV LED fixtures & IoT products

Who we are looking for

For our fast growing Berlin-based High-Tech LED-Lights Producer Sumolight with a focus on new software products we are looking for an 100% entrepreneurial, creative mind & experienced CEO to grow our award-winning product line. ESOP is available for high level candidates.

Your skills & experience

- Entrepreneurial DNA & excellent team leader with a knack for film
- Proven rock star skills in sales: you have an unstoppable sales talent.
- Experience in engineering context, ideally with LED-technology
- Social skills getting ideas from customers & transform them into business
- Understanding IoT potentials is a big plus
- Strong “getting shit done” mentality

Tasks

- Running the complete company as CEO
- Grow key account customers (distributors, studios and DoPs)
- Oversee prototype & serial production & product launch
- Quality management & patent development strategy

Us

Sumolight is a German high growth cutting-edge LED Lights producer for the Film &/ Broadcast market. Our products are mainly sold in Hollywood as well as internationally in over 25 countries & are used by the best Directors of Photography of the world in films you all know like Batman v Superman, Nightcrawler, Inherent Vice etc.
